“ *Sondra, Phoebe, Kenner, Don and Bridger, please accept the deepest condolences from the Hooser family (Randy & Gabi). Many of you don't know us (Sondra & Kenner do) but Alan talked about all of you with great love, joy and pride during his years with RhinoCorps in Huntsville. My office was next door to Alan's, so it seems like I know you even though we may only meet for the first time tonight. Alan was my surrogate dad as he helped guide me through SIAP and IBCS and of course all things Army AND Alabama. He knew I was a Tennessean but he never held that against me. Alan was the nicest and most caring individual I ever knew and I understand why he went so very high in civil service in Huntsville. I will never forget your father, he never ever gave me bad advice or false counsel. He was truly a great American.*

*Our Most Sincere Condolences For Your Loss
