“ My dear sweet friend Annette. I have cried a river this week since I heard the news of your passing. We were in and out of each others lives for over 43 years. How blessed I am to be able to have called you my friend. Even tho our lives took us in different directions we would always come back together. With each reconnection it was always like we had never been apart. Excited to see each other we would just start talking as if we had only been apart for a moment in time. To me that is "true forever friendship." I am so happy to have had that with you. The heart felt talks, the fun, the laughter, the tears, the crazy things we did,
Even tho, at this time I do not know the cause of your parting I know that you no longer have the pain, grief and struggles that have been so heart breaking for you since you lost Deb. I feel certain that she was the first to greet you and that you are having a wonderful reunion with her and your folks right now.
I hope you knew how much you were loved by so many here on earth. You certainly shed your light on everyone with your kindness, your generosity, your love, your smiles, your laughter, your wiliness to always help anyone in need. You were an amazing beautiful soul. You will live on in the hearts of all of us who loved you now and forever. I will always cherish our last days of exploring together at the state park and grateful we took so many pictures. It was a wonderful visit.

My thoughts and prayers are with all of y'all now and in the days ahead as you carry out Annette's wishes. I wish that I could be there for her service. I will pause during this time to honor her.

*"It is a far, far better thing that I do, than anything I have ever done;
it is far, far, better rest that I go to, than I have ever known."*

Charles Dickens

May you Rest in Peace my Dear Friend Annette "Danielle" Conner. I love you and will always remember you with a smile.
