“ Carl was one of 3 wonderful brothers I have had the pleasure of sharing my life with. I will miss him dearly. There will always be a sadness that I can no longer pick up the phone and call him, hear his laugh or hear him say "I love you sis" but all of those things are burned in my memory and I will never forget all the wonderful times we have shared throughout our lives. This isn't goodbye but till we meet again. I love you {.....} this much big brother, your baby sister always and forever.

“ Carl was my on-the-job-training instructor on radar positions in the North Area at Jacksonville Air Route Traffic Control Center in Hilliard, Florida in the late seventies and early eighties. He was a fine air traffic controller and instructor. We worked together for many years and it was always a pleasure, he was a good man.
