“ I would like to extend my condolences to the Whitman family I'm so sorry for your loss! I've not seen or talked to the Whitman family since 1993 but this whole family is embedded in my heart and mind because of their caring and generosity to total strangers! My memory of them began the first day of the blizzard of '93, they were my neighbors but I had yet to meet them. As I sat in my mobile home with every quilt blanket or whatever I could find piled on me trying my best to stay warm wandering what I was going to do or how I was going to do it I was terrified I just knew there was a possibility I might not make it through this! But the Good Lord sent this family of angels to my door and they insisted I was going to Miss Sue and Pete's house who had gas heat. For two weeks as we waited out the thaw these wonderful human beings opened their home to me and several others! Miss Sue was a wonderful caring and loving lady! Fly with the angels sweet lady!
