“ Ed was a man of few words and when he spoke, people listened because they knew he had something. worth saying. He was my friend, mentor and boss and his impact as each will not be forgotten. I wouldn't be in where I am in my career without Ed. He and I were team leads in MSIC1 when the position of Branch chief opened up. I could think of no one better suited to be the branch chief and Ed wanted the job. I told him I would do everything i could to support him in his attempt to get the position and to lighten the load as much as possible if he should win the job. The one stipulation I gave him was that he not blame or hold it against me if he didn't like the supervisor job. Luckily for both of us, he got the job. There were times I'm pretty sure he might have wished he'd stayed in his more technical position but he never did blame me for his success and I did do my best to help lighten his load.

Ed was and is so appreciated and his team will miss his guidance but be forever thankful for all he did for us. That is especially true of myself.

May the Lord be with all his friends and his family to give them strength and peace.
