“ You most always had a smile and a heart so big. We lost touch over the years but you always remained in my heart as one of my most dear friends ever . I can close my eyes and still see and hear your laughter . I still cherish the ring you gave me so many years ago. So thankful for the memories . I'm so sorry you had to endure all that you've endured in these recent years . My heart aches for your entire family as I know they are devastated over losing you but I know the memories you left them will eventually help them to move on with the grief. You were such a special person !! In my heart always, Gwen

“ Fran,
Will miss our texts back and forth to each other.
We always made sure to tell each other "I love you."
You always thought the world of our son Jamie.
I will see you again in heaven my sweet Cousin.

So many memories with Fran. We meet each other through our mothers Frances Cowen and Betty June Parker. I spent many nights at Frannie house growing up. Frannie was a precious soul she had a wonderful laugh and the big smile. I never seen Fran upset she always was happy. She loved spending time with family and friends. I will miss my dear friend, but I know we will see each other again one day. We sit around and drink coca-cola and have a good laugh. Love you Fran..
