

# Glenda Ruth Byrd

November 21, 1943 - March 4, 2022

The family has chose Cremation, no service to announce at thisa time.

# Tribute Wall

MA

“ Glenda and I taught at Pell City Christian Academy. We shared the Hammett Apartment for one school year, 1975-1976. She was a great cook and a great mentor. I am forever grateful for how kind she was to me.

*When the earthquake shook where we lived for a split second, we were both grateful we were not alone! We had lots of laughs but that night we were neither one laughing but trying to decide what the rumble was!*

*A wonderful Christian and a lover of children. She was a challenge to me. May God be with her family during this time.*

*Margaret Allison*

“ Glenda sparky was a dear sweet giving person She was my roommate at GBS and she always made me smile with her southern expressions. She also gave me spiritual enlightenment and encouragement. I had just in last few years been in contact with her and appreciated our telephone conversations. My sympathy for you her family is given and prayers for healing your grief. God is smiling as another child is home and we can look forward to seeing her in heaven. God bless you all.

“ Glenda, I've missed you! We've been friends for 19 years! We've talked & laughed & comforted each other! I wish I could have seen you one more time! I tried hard to find you! It's a Miracle that I looked you up on the internet today & there was your name & where you were! I'm glad you aren't suffering any more! & I'm sorry I wasn't able to help you like I would have liked to after your accidents! You were a very kind woman & friend! I will miss you very much! But you are with God in Heaven & I know you are at Peace! I will not ever forget you! Goodbye, My Dear Friend! It won't be the same without you! Love You Dearly, Always & Forever, Viv ~ ❤️❤️❤️ ~
