

James "Jim" Arthur Butler

February 8, 1945 - August 31, 2018

Jim Butler, 73, of Guntersville passed away Friday, August 31, 2018 at Shepherd's Cove. Jim was the son of the late Travis and Clorene (McDaniel) Butler. He graduated from Albertville High School in 1963. He attended Jacksonville State University where he graduated with a bachelor's of science degree in math and physics in 1968.

Jim worked most of his career as a software safety analysis engineer in Huntsville. His career was an accomplished one; he was published in the Quality Assurance Worldwide Journal and Crosstalk Journal of Defense Software Engineering for his work on the Apache and Chinook helicopters. It was his love of family, fishing and Alabama football that gave Jim the most pleasure in life. He was a loving husband 52 years to his wife, Judy, who he called Sissy. He loved his daughter, Liz. Most of all he doted on his grandsons, Cade and Will. He shared with them his love of fishing and the three spent innumerable hours on the lake looking for bass and spending time together. His happiest times were on Lake Guntersville with a fishing rod in his hand and watching Alabama beat Auburn and Tennessee.

Jim was an active member of First Baptist Church in Guntersville. He also enjoyed his Tuesday luncheons with friends that he referred to as his ROMEO Club (Retired Old Men Eating Out) at Papa Dubi's.

Jim was survived by his wife, Judy (Walley) Butler of Guntersville, daughter Liz and son-in-law Brian Matthews of Guntersville, grandsons Cade and Will Hamm of Guntersville, granddaughter Emily Matthews of Tuscaloosa, his

brother Sam (Claudette) Butler of Guntersville as well as many cousins, nieces and nephews.
