I am so sorry to hear of JoAnna's passing. She was always kind and friendly to me throughout our school years. We were friends all the way back to Blossomwood Elementary. I hate that we lost touch after high school. My heart and prayers are with you all. I posted her obituary on the HHS class of 1989 Facebook page and many people expressed condolences and love for her and are praying for your family. If you have not yet had the celebration of life, I would be happy to post the information to the class of 89 Facebook page. My phone number 256-399-7874. Love, Dawn Williamson Lucy 🙏🙏🙏

“ I met JoAnna when her and Elise lived in the apartment building next to me, in Boston, in the 90's. She was way too loud, way too happy and way too beautiful to digest in a first meeting. Being a bit of an extrovert myself, she kind of blew me away. If you were in her immediate vicinity, you were going to get showered with laughter, fun and love. During my time living next door to her, I accumulated enough positivity and vigor to last a lifetime. I'm sure those who were close to her wished for more and I can understand wanting that. JoAnna always seemed to have life going 100 miles and hour. I'm sure she'll bring a lot of fun and sweetness to heaven with her. I will never forget when I needed my wisdom teeth taken out but I didn't have dental insurance and she got it done for me. Under the veil of that tornado was a good heart. Rest in peace.
