“ Praying that you all will be given strength during this sad time. Joy suffered but she was a strong lady. Larry, you were an amazing husband to Joy. My heart aches for you all. The selfish part of us all wants her back here on this earth. We have to take comfort in knowing that she has no more suffering and no more pain. I love you all. I am very sorry that I can not be there. You are all in my thoughts and prayers.
