“ *Misty and i have shared a lot of secrets a lot of funny things we've had a lot of fun in our life and yes we've had our ups and downs just like many other people but most of all I guess was always had each other's backs at the end of the day she was not only a friend she was like family I've been listed since she was so I guess 11 or 12 my four boys thought of her as friends and family you've been in their lives it's not to other schools looking for they are now in their thirties she will be dearly missed but you are absolutely never be forgotten*
