“ So long, Paul. You were a big part of my life and career when I began my profession. Thanks for all the good times, advice, support and leadership you provided. We had quite a team at SCI, we were indeed like family. You were the biggest part making that happen. You will be missed by many. May you rest in peace...

“ McMahan was a one-of-kind boss and friend. As a supervisor he believed in you and would support you till the end. He will be missed.

*I have many funny McMahan quotes that I'll remember forever. Unfortunately I can't list them here, maybe that's a story to be shared later at Diamonds...*
