“ *I just saw this when I searched for Nuba. The last time I talked to him was probably 20 years ago. My boyfriend (now husband) and I met Nuba in 1990 when he lived in the downstairs of a house on Bryant drive and we lived in a garage apartment behind his. We became good friends. One of my fondest memories was of him and I riding our bikes in the (new) parking garages at the university. Something else I remember.... He gave me an old pair of his blue jeans which I used as cut offs. It was the style! Sometimes it's the little things that leave the biggest impression. Prayers to Nuba's family!*

“ *Ms. Guess called me tonight with the news of Bobby. I am so sorry to hear Phillip, Jimbo & Bill. I have so many funny memories of Nuba! Many years ago he rode his motorcycle to Columbia, SC to deliver a beautiful blanket Ms. Norma had crocheted for Charley! Always lots of fun riding in his International Truck and camping. We loved him so*
