“ I worked with Tommy for many years; he was the epitome of a "good man"...which to me equates to a "Godly" man; his attributes & actions reflected his love of the Lord without him having to tell you he was a Christian....always professional, someone you wanted to be around. He and Pat treated my daughter like their own grand child during a time in my life when I needed support; I was alone with two girls & sometimes in a desperate emotional state of loneliness; but their outreach and help comforted me & taught me God in fact does put people in your path in the time of need; angels to help us through.....I never had to worry about her when she was with them. I give thanks for both of them & I will strive to be to others what Tommy (and Pat); have been to me! God Bless all of you that mourn his passing from the world to his heavenly home. I know one day I will see him again!
