“ I am her niece. I have many fond memories of the wonderful woman we called Aunt Tootie, I have never known her by any other name. She was the most positive person I knew, even when going through her many health issues she would always say, "I'm fine, how are you"?

She and I had many fun phone conversations over the years, the latest just a few days before her death. She told me she was looking forward to two things, turning 90 and voting in the next election.

I loved her very much and I'm so blessed to have had her in my life. Rest in Peace Dear Aunt Tootie. I hope to see you in Heaven some day because I'm sure you are there.

Love, Martha

“ *When my husband and I were visiting around looking for a church home, Virginia and Jim were the first ones to greet us and they continued to do so every Sunday thereafter. Virginia always told me she loved me and I definitely loved her!! My daughter fell absolutely in love with her when she was home from college and always asked about her and Jim every Sunday afternoon when we talked on the phone. She was a special lady who always cared about others. She would bring photos of her family to show at church and would brag on her family and make us feel like we knew them. She will be greatly missed by us. Luke, Christy and Kori Daniels*
