“ Our family was so sorry to hear of Willie's passing. We became friends with Willie while he was a resident at Crossville Health and Rehab. Don's Mother Mary Spears was a resident there until her passing Sept.25,2016. She was 90 years old and was very proud to count Willie as one of her best friends. When she passed he joined our family in her room to say our goodbyes to her. Our granddaughters wanted to know if Mr.Willie could come to her funeral. If he could have come we would have certainly tried to help it happen. They did not understand the extreme medical problems Willie was suffering.My heart truly breaks that your family has lost your son and Dad. Our family has lost a very special friend that we will always be blessed to have known.His smile would light up even the darkest times for us. Many visits to see Mary ended in Don ,Willie and i talking football,family and about growing up! We had many good visits that we will always remember.We loved Willie and he loved us.Thank you for sharing him with us. It was a honor to know and love such a precious man. Our love and condolences ,Don and Jessica(Jess) Stevens,Crossville,Al.
